Five-Year Reunion Gift	1990	\$1,207,035
Durants (Note 5)	<b>2011</b>	4
Participation Rate	1980	90.0%

Note 1: The "Five-Year Reunion Gift" is equal to [AG Gifts] + [All Other Gifts] + [Gifts in Kind].

Note 2: Goals for the current fiscal year are displayed for reunion classes only. Not all reunion classes have goals.

Note 3: "AG Gifts" consists of unrestricted gifts as well as gifts for current-use financial aid.

Note 4: "All Other Gifts" consists of endowed gifts as well as current-use restricted gifts and life income gifts. (Bequests aren't included in this category.)

Note 5: The base level for the Durant Society doubled in 2000-01 for classes that had graduated within the last 10 years. Therefore, the Durant numbers prior to 2000-01 aren't counted for these classes. For other classes, the base level for the Durant Society changed to \$2,500 in 2005-06, so the Durant numbers prior to 2005-06 aren't counted for these classes.

Note 6: Class Records: The "Five-Year Reunion Gift" record is reviewed every five years, at the end of the Class's five-year reunion cycle. The "Durants" and "Participation Rate" records are reviewed at the end of each fiscal year. If a new record has been set, or an existing record has been tied, then we update the Class Records statistics.

Note 1: The "Five-Year Reunion Gift" is equal to [AG Gifts] + [All Other Gifts] + [Gifts in Kind].

Note 2: Goals for the current fiscal year are displayed for reunion classes only. Not all reunion classes have goals.

Note 3: "AG Gifts" consists of unrestricted gifts as well as gifts for current-use financial aid.

Note 4: "All Other Gifts" consists of endowed gifts as well as current-use restricted gifts and life income gifts. (Bequests aren't included in this category.)

Note 5: The base level for the Durant Society doubled in 2000-01 for classes that had graduated within the last 10 years. Therefore, the Durant numbers prior to 2000-01 aren't counted for these classes. For other classes, the base level for the Durant Society changed to \$2,500 in 2005-06, so the Durant numbers prior to 2005-06 aren't counted for these classes.

The "Durants" and "Participation Rate" records are reviewed at the end of each fiscal year. Note 1: The "Five-Year Reunion Gift" is equal to [AG Gifts] + [All Other Gifts] + [Gifts in Kind].

Note 2: Goals for the current fiscal year are displayed for reunion classes only. Not all reunion classes have goals.

Note 3: "AG Gifts" consists of unrestricted gifts as well as gifts for current-use financial aid.

Note 4: "All Other Gifts" consists of endowed gifts as well as current-use restricted gifts and life income gifts. (Bequests aren't included in this category.)

Note 5: The base level for the Durant Society doubled in 2000-01 for classes that had graduated within the last 10 years. Therefore, the Durant numbers prior to 2000-01 aren't counted for these classes. For other classes, the base level for the Durant Society changed to \$2,500 in 2005-06, so the Durant numbers prior to 2005-06 aren't counted for these classes.

Note 6: Class Records: The "Five-Year Reunion Gift" record is reviewed every five years, at the end of the Class's five-year reunion cycle. The "Durants" and "Participation Rate" records are reviewed at the end of each fiscal year. If a new record has been set, or an existing record has been tied, then we update the Class Records statistics.

Note 7: Reunion Records: The Class celebrating its 25th reunion, for example, has its results measured against all of the other classes that have celebrated their 25th reunion. If a new record has been set, or an existing record has been tied, then we update the Reunion Records statistics. Reunion records are kept for the 5th through 70th reunions only.

Note 6: Class Records: The "Five-Year Reunion Gift" record is reviewed every five years, at the end of the Class's five-year reunion cycle. The "Durants" and "Participation Rate" records are reviewed at the end of each fiscal year. If a new record has been set, or an existing record has been tied, then we update the Class Records statistics.

Note 7: Reunion Records: The Class celebrating its 25th reunion, for example, has its results measured against all of the other classes that have celebrated their 25th reunion. If a new record has been set, or an existing record has been tied, then we update the Reunion Records statistics. Reunion records are kept for the 5th through 70th reunions only.

Note 2: Goals for the current fiscal year are displayed for reunion classes only. Not all reunion classes have goals.

Note 3: "AG Gifts" consists of unrestricted gifts as well as gifts for current-use financial aid.

Note 4: "All Other Gifts" consists of endowed gifts as well as current-use restricted gifts and life income gifts. (Bequests aren't included in this category.)

Note 5: The base level for the Durant Society doubled in 2000-01 for classes that had graduated within the last 10 years. Therefore, the Durant numbers prior to 2000-01 aren't counted for these classes. For other classes, the base level for the Durant Society changed to \$2,500 in 2005-06, so the Durant numbers prior to 2005-06 aren't counted for these classes.

Note 6: Class Records: The "Five-Year Reunion Gift" record is reviewed every five years, at the end of the Class's five-year reunion cycle. The "Durants" and "Participation Rate" records are reviewed at the end of each fiscal year. Note 7: Reunion Records: The Class celebrating its 25th reunion, for example, has its results measured against all of the other classes that have celebrated their 25th reunion. Note 1: The "Five-Year Reunion Gift" is equal to [AG Gifts] + [All Other Gifts] + [Gifts in Kind].

Note 2: Goals for the current fiscal year are displayed for reunion classes only. Not all reunion classes have goals.

Note 3: "AG Gifts" consists of unrestricted gifts as well as gifts for current-use financial aid.

Note 4: "All Other Gifts" consists of endowed gifts as well as current-use restricted gifts and life income gifts. (Bequests aren't included in this category.)

Note 5: The base level for the Durant Society doubled in 2000-01 for classes that had graduated within the last 10 years. Therefore, the Durant numbers prior to 2000-01 aren't counted for these classes. For other classes, the base level for the Durant Society changed to \$2,500 in 2005-06, so the Durant numbers prior to 2005-06 aren't counted for these classes.

Note 6: Class Records: The "Five-Year Reunion Gift" record is reviewed every five years, at the end of the Class's five-year reunion cycle. The "Durants" and "Participation Rate" records are reviewed at the end of each fiscal year. If a new record has been set, or an existing record has been tied, then we update the Class Records statistics.

Note 7: Reunion Records: The Class celebrating its 25th reunion, for example, has its results measured against all of the other classes that have celebrated their 25th reunion. If a new record has been set, or an existing record has been tied, then we update the Reunion Records statistics. Reunion records are kept for the 5th through 70th reunions only.
