

Schedule of Benefits

The Harvard Pilgrim Tiered-Copayment HMO Massachusetts

Services listed are covered when medically necessary and provided or arranged by Harvard Pilgrim Health Care providers. Please see your Benefit Handbook for details.

Member Cost Sharing Summary

Copayments

A Copayment is a dollar amount that is payable by the Member for certain covered services. The Copayment is due at the time services are rendered or when billed by the provider. Your identification card contains the Copayment amounts that apply to the Plan's most frequently used services.

There are two types of Copayments that apply to your Plan. A lower Copayment, known as "Copayment Level 1," applies to some outpatient services, including most primary care, obstetrical care, gynecological care and mental health care (including the treatment of substance abuse disorders). Most outpatient specialty care requires payment of a higher Copayment, known as "Copayment Level 2." The Level 1 and Level 2 Copayments that apply to your Plan are listed below.

Copayment Level 1: Your Plan has a \$15 Copayment per visit.

Copayment Level 2: Your Plan has a \$25 Copayment per visit.

Out-of-Pocket Maximums

Your Plan has an Out-of-Pocket Maximum of \$2,000 per Member and \$4,000 per covered family per calendar year. This is the total amount in Copayments you (or your covered family) are required to pay for services covered by the Plan, not including riders providing benefits for prescription drugs, adult preventive dental care or vision hardware. The Plan will notify you when you have reached your Out-of-Pocket Maximum. If you feel you have reached the Out-of-Pocket Maximum but have not been notified, please contact the Plan.

Copayment Level 1

Special Level 1 Services: Copayment Level 1 always applies to the following outpatient services regardless of the provider or location of service:

- Routine well physical examinations (including well child care, vision and auditory screening for children, nutrition counseling and health education)
- Immunizations
- Annual preventive gynecological examinations
- Voluntary termination of pregnancy
- Voluntary sterilization
- Mental health care (including the treatment of substance abuse disorders)
- Physical therapy
- Occupational therapy
- Speech therapy
- Routine eye examinations
- Artificial insemination
- Advanced reproductive technologies
- Applied behavior analysis

In addition to the Special Level 1 list, Copayment Level 1 applies to covered outpatient professional services, other than services received at a professional office operated by a hospital, from the following types of providers:

- All Primary Care Physicians. The term “Primary Care Physician” (PCP) includes the following specialties: Internal Medicine, Family Practitioner, General Practitioner and Pediatrician
- Obstetricians and Gynecologists
- Certified Nurse Midwives
- Nurse Practitioners who bill independently

Copayment Level 2

Copayment Level 2 applies to the following outpatient professional services:

- Any covered services or provider not listed under Copayment Level 1
- Any service provided in a hospital operated doctor’s office, except the Special Level 1 Services listed above.

If a provider is categorized as both a Copayment Level 1 provider and a Copayment Level 2 provider, Copayment Level 1 applies. For example, if a provider is both a PCP and a cardiologist, you will be responsible for Copayment Level 1.

A Copayment applies to all services except where specifically noted below.

Please note: Occasionally the Copayment may exceed the contract rate payable by the Plan for a service. If the Copayment is greater than the contract rate, you are responsible for the full Copayment, and the provider keeps the entire Copayment.

Special Enrollment Rights

For Subscribers enrolled through an Employer Group:

If an employee declines enrollment for the employee and his or her Dependents (including his or her spouse) because of other health insurance coverage, the employee may be able to enroll himself or herself, along with his or her Dependents in this Plan if the employee or his or her Dependents lose eligibility for that other coverage (or if the employer stops contributing toward the employee's or Dependents' other coverage). However, enrollment must be requested within 30 days after other coverage ends (or after the employer stops contributing toward the employee's or Dependents' other coverage). In addition, if an employee has a new Dependent as a result of marriage, birth, adoption or placement for adoption, the employee may be able to enroll himself or herself and his or her Dependents. However, enrollment must be requested within 30 days after the marriage, birth, adoption or placement for adoption.

Special enrollment rights may also apply to persons who lose coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for state premium assistance under Medicaid or CHIP. An employee or Dependent who loses coverage under Medicaid or CHIP as a result of the loss of Medicaid or CHIP eligibility may be able to enroll in this Plan, if enrollment is requested within 60 days after Medicaid or CHIP coverage ends. An employee or Dependent who becomes eligible for group health plan premium assistance under Medicaid or CHIP may be able to enroll in this Plan if enrollment is requested within 60 days after the employee or Dependent is determined to be eligible for such premium assistance.

Membership Requirements

There are a few important requirements that you must meet in order to be covered by the Plan. (Please see your *Benefit Handbook* for a complete description).

- Members must live in the HPHC's Enrollment Area for at least nine months of the year. An exception is made for full-time student dependents and dependents enrolled under a Qualified Medical Support Order.
- All your medical and health care needs must be provided or arranged by your Primary Care Physician (PCP), except in a Medical Emergency, when you are temporarily outside the HPHC Service Area or when you need one of the special services which do not require a referral. The HPHC Service Area is the state in which you live.

Notice of Grandfathered Plan Status

Harvard Pilgrim Health Care believes this Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to your Employer’s benefits office or human resources department. For plans governed by the Employee Retirement Income Security Act (ERISA), (generally these are plans purchased by an employer, other than a governmental entity or a church) you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1–866–444–3272 or www.dol.gov/ebsa/healthreform. This Web site has a table summarizing which protections do and do not apply to grandfathered health plans. For Plans that are not governed by ERISA, you may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.
