

WELLESLEY COLLEGE  
**OFFICE OF THE PRESIDENT**  
H. Kim Bottomly

June 2012

Dear Alumna:

Welcome to reunion! It's wonderful to have the campus buzzing with so many alumnae and friends. I have been looking forward to our time together.

During my travels across the country, meeting with alumnae, I continually hear about your fond memories of our beautiful campus. I hope you'll agree that the campus is as lovely as ever. I encourage you to take some time this weekend to rediscover your favorite haunts and to explore some new ones.

One of the best parts of my job as president is getting the opportunity to meet and engage with alumnae—either on the road or here on campus. I have learned how exceptionally loyal Wellesley alumnae are to their alma mater, and I'm so pleased that you could join us for your reunion this year. Throughout the weekend, I hope you will share many stories with me about your time as a student and also your experiences since graduating. I always enjoy learning about the ways in which the College has—and has not—changed over the years. I look forward to sharing with you my thoughts and reflections on the Wellesley of today, and giving you a glimpse into the future of your beloved alma mater.

I hope you enjoy your time on campus, and I look forward to getting to know you a little better this weekend.

Sincerely,

H. Kim Bottomly

## WELCOME TO REUNION!

June 2012

Dear Alumna:

The Alumnae Association's mission, to connect alumnae to the College and to each other, is fully realized at reunion. We are thrilled to welcome you back to campus!

Whether this reunion is your first or you are celebrating the 80 years since you graduated, we hope you reconnect with all that is Wellesley. We have a wide range of programs for you: from stimulating faculty lectures to in-depth tours; from yoga to a walk (or run!) around the lake; from Stepsinging to a variety of open houses. Whether you participate in our programs or simply enjoy the beauty of our campus and deepen long-standing friendships, this weekend offers many ways for you to celebrate.

When you arrive on campus, you'll notice a few changes. Two years ago, we opened the doors of the newly renovated and LEED-certified Diana Chapman Walsh Alumnae Hall, a project led by an alumna, Ann Beha '72. On the east side of campus, the Whittin Observatory has been renovated and is sharing the expanded space with the Geosciences Department. We hope you have time to visit both of these places. In addition, we hope you will notice an expansion of our green initiatives (such as the water bottles all attendees receive) as we strive to reduce the carbon footprint of reunion. Please join us in these efforts.

Reunion would not be possible without the hard work, commitment, and enthusiasm of your class volunteers. The Alumnae Association Board of Directors and I extend our deepest thanks to all these dedicated individuals. I ask that you please thank them as well for their dedication to bringing you and your classmates together for this special weekend.

It's going to be a wonderful weekend, and we look forward to greeting you at the Association's annual meeting in Alumnae Hall on Sunday morning following the inspirational Alumnae Parade!

Sincerely,

Karen Gentleman '77, President  
Wellesley College Alumnae Association

## FACULTY LECTURE: “*Furens quid femina possit*.” Stéphanie-Félicité de Genlis, Woman Literary Historian, and her Male Critics

Vicki E. Mistacco, Professor of French  
One of the most important compendia of French women writers of the early nineteenth century, Stéphanie-Félicité de Genlis’s *On the Influence of Women on Literature as Patrons of Letters and as Authors*; or, *Summary of the History of the Most Celebrated French Women (De l’influence des femmes sur la littérature comme protectrices des lettres et comme auteurs; ou, Précis de l’histoire des femmes françaises les plus célèbres, 1811)* was and remains a controversial book. It was born of a quarrel with Michaud’s *Universal Biography (Biographie universelle)* to which Genlis had been asked to contribute articles on women writers. In her *Critical Examination (Examen critique)* and elsewhere, she pursued her attacks on the authors of the *Universal Biography*, and they and many other male critics reciprocated vehemently in reviews and even entire books. What was at stake in this controversy? What prompted one detractor to choose this epigraph from Virgil’s *Aeneid* for his brochure against her book: “*Furens quid femina possit*” (“What a furious woman is able to do”)?
