

Federal Tax Returns 2012-2013

All 2011 Federal tax documents must be submitted to IDOC. Make sure that the copies submitted are complete and signed, and include all pages, Schedules, Statements, W-2's, and 1099's. This signed copy of the federal tax return functions as the official tax document to verify federal aid eligibility. If the parent is not required to file a 2011 tax return, s/he should complete a parent non-tax filer's statement. Student non-tax filer's statements are also available on the [Financial Aid website](#).

DO NOT SUBMIT STATE TAXES.
