

# WELLESLEY COLLEGE

## STUDENT FINANCIAL SERVICES

March, 2011

In the spirit of making tuition more affordable, Wellesley is pleased to offer a new payment method for our International Students. We have partnered with peerTransfer Education, whose mission is to save International students and their families money that would otherwise be lost on bank fees and unfavorable foreign exchange rates. peerTransfer also makes the payment process easier and more convenient.

We encourage you to use peerTransfer Education to complete payment of your student account. Your payments will be posted more quickly to your Wellesley student account and you will be automatically notified via email of our receipt of your payment. You may then confirm payment via your [MyWellesley](#) account.

Please visit the following link for more information about peerTransfer <http://peertransfer.com/> or [wellesley.peertransfer.com](http://wellesley.peertransfer.com) to complete payment.

We are pleased to make this new option available to help lower your total tuition payment. Additional payment options are provided at <http://web.wellesley.edu/web/Dept/SFS/StudentAccounts/paymentoptions.psml>

Sincerely,

Wellesley College
